HARVEY BRAME, WAYNESBORO, DIES SUDDENLY

Harvey D. Brame, 69, 224 Walnut St., Waynesboro, a native of Adams County, died suddenly at 9:15 o'clock Tuesday evening at his home after being stricken with a heart attack.

Mr. Brame had just reached his home after attending a meeting of the Junior Order of United American Mechanics when he suffered the attack. Death followed quickly.

The deceased was born near Gettysburg and was a son of the late Harvey and Rosanna (Miller) Brame. He spent his early life in this county but went to Waynesboro in 1910. He had been employed in shops there and for the last 20 years worked in the vice department of Landis Tool.

He was a member of the Lutheran Church, the Whetstone Bible Class, the POS of A of Gettysburg, the Macabees of Waynesboro and the Jr. OUAM there.

Surviving are his wife, the former Emma (Orndoff) Brame, and these children: Miss Viola Brame, at home; Mrs. Harry Gladhill, Greenstone, and Mrs. Butler Hollinger, Waynesboro R. 4; three grandchildren and these brothers and sisters: Mrs. Cora Cleveland, Gettysburg R. 5; Mrs. Jeff Cassatt, Hanover; Mrs. Edna Eckert, Gettysburg; Oscar, Hanover R. 3, and Archie, Hanover.

Funeral services Friday afternoon at 2 o'clock at the Grove Funeral Home in Waynesboro with Dr. B. Clinton Ritz officiating and interment in Green Hill Cemetery, Waynesboro. Friends may call Thursday evening from 7 to 9 o'clock at the funeral home.

PLAN FIVE AREA FARM MEETINGS

A series of five community meetings to discuss the program of the Adams County Agricultural Extension Association will be held in various parts of the county starting tonight.

County Agent Frank S. Zettie, in announcing the meetings, said the sessions will be held in the form of round-table discussions on the problems of the farmers and their requirements from the extension office with the hope of "developing an extension program that will more closely fit the needs of the county."

While such sessions have not been held for several years, it is hoped that in the future such meetings can be held annually to guide the activities of Extension from year to year, Zettie said.

The first meeting will be held tonight at the Arendtsville National bank for the upper end of the county. Robert C. Lott is community chairman. Thursday night a meeting will be held for the central area at the Adams Electric Cooperative building, rear of N. Stratton St. Howard Waybright is community chairman. Friday night the meeting will be at the York Springs High School with Paul Lelew as chairman. Monday night farmers from the southeastern corner of the county will meet at the Farm Bureau building in New Oxford. Stuart A. Lucabauagh is community chairman. Tuesday night the final meeting will be held for farmers of the Southwest corner of the county at the Fairfield High School. Walter Hay is chairman for that area.

FAIRFIELD LIONS WILL DECORATE TOWN FOR XMAS

Fairfield Lions are going to take charge again this year of the Christmas decorations in the streets of the town and voted at their meeting Tuesday evening to purchase two additional strings of lights for the coming season.

The Lions have asked townfolk to decorate their homes for the holidays and placed a committee headed by Burgess Kenneth Sanders in charge of the town decorating project. His committee includes Harold Deardorff, George Weber, Edgar Glenn, Walter Keeney Jr., William Newman, Dean Lemon and William Shultz.

The Lions also included in their holiday preparations plans to buy baskets of food for needy families in the community and to continue their annual treat to the children of the community. The treat will be distributed to the pupils in the first six grades of the schools and gifts will be taken to the homes of pre-school age youngsters.

Hear Frank Zettie

Twenty-one members attended the meeting with President Robert Reindollar presiding. The Sight Conservation committee announced the purchase of a white cane for William Fissel, Orttanna, and said they had a pair of glasses repaired for another resident of the Fairfield community.

Adams County Farm Agent Frank Zettie was the guest speaker Tuesday evening. He talked on "The Mechanization of Farms and the Subsidies Granted Farmers by the Federal Government."

The club voted to hold a series of card parties to raise funds for the club's charity work. Each of four teams will conduct a party on dates not yet set. The team captains are William Newman, Kenneth Sanders, Wilbur Sites, and William Shultz. Plans for the Lions-sponsored Boy Scouts troop were announced and interested boys between the ages of 11 and 15 were invited to report at the Odd Fellows' building next Monday at 7 p.m.

Sophomore Weekend Opens On Friday

The sophomore class at Mt. St. Mary's College, Emmitsburg, has inaugurated a new social event on the Mountaineer campus to be called the Sophomore Weekend.

HUNGARIAN REDS FREE FIELD AND WIFE; CANNOT BE FOUND

By ENDRE MARTON

BUDAPEST, Hungary (AP)—U.S. legation officials formally asked Hungary's Communist government today where American representatives can get in touch with Noel Field and his wife Herta. The government announced earlier it had released the couple from jail after five years imprisonment and had quashed spy charges against them.

The announcement gave no indication of the whereabouts of the 50-year-old former U.S. State Department employee and his German-born wife.

Although their release was announced early today, official notification was not given to U.S. Minister Christian M. Ravndal until he called at the Hungarian foreign ministry at noon.

An embassy spokesman declined to say whether Ravndal had raised the question of making contact with the Fields. Hungarian authorities had ignored two previous notes from the legation in recent months asking for interviews with them and for their repatriation.

The Hungarian Foreign Ministry, however, promised today to con-

Attorneys Settle Damage Action

Attorneys for Raphael J. Klunk and Charles E. Benchoff, both of Littlestown R. 2, announced that Klunk's action in trespass against Benchoff has been settled out of court, and has requested that the case be withdrawn from the civil trial list. The discontinuance was filed Tuesday with the Prothonotary.

Klunk had asked \$615.40 damages as a result of an automobile accident in June, 1952. The case was scheduled to come up during the present term of court.

Military District Chief Here

Brigadier General William J. Verbeck, (left) chief of the Pennsylvania Military District, Indian town Gap, is shown with Lt. Col. Eben R. Jones, professor of military science and tactics at Gettysburg College, Tuesday afternoon during a visit with the College Army ROTC unit on the campus here. He met college officials and saw the college ROTC unit drill. A veteran of 27 years' service, he has seen duty in the Philippines, Japan, Alaska and Korea.

Former Local Man Placed On Probation

James H. Eyer, formerly of Gettysburg, was given a suspended sentence and placed on five years probation on a charge of sending threatening letters through the mails, by U.S. District Judge Frederick V. Follmer, Harrisburg, Tuesday.

Eyer was found guilty of sending several letters to Mary Elizabeth Miller and her children here.

Richard Edward Gatewood was sentenced to three years in the federal penitentiary for stealing approximately 20 letters from the mails in York. He also was ordered placed on five years probation on the expiration of his sentence, at the same court session.

C-D UNITS HERE TO GET FORMS FOR U.S. FUNDS

Adams County Civil Defense units interested in securing equipment through the Federal Matching Funds program will join similar units in this section of the state at a meeting in the Chambersburg Court House Monday evening, November 29, at 8 o'clock. William G. Weaver, county Civil Defense director, said today.

The session at Chambersburg is one of a number of regional meetings being held by the state Council of Civil Defense to furnish application forms and answer questions concerning details of the current matching fund program.

Weaver said that Federal Civil Defense Administration has allocated \$895,362 to be made available to counties, cities, boroughs, towns and townships in Pennsylvania during the coming year. Under the program the federal government pays a certain percentage toward CD equipment, with the remainder raised by local effort.

Many Uses Suggested

In prior years Federal Matching Funds were secured to pay a portion of the firemen's CD radio network in the county, a number of fire engines, the Rescue truck here, and other equipment.

Weaver said that Federal Civil Defense Administration has not allocated any funds this year for use in the purchase of fire engines or firefighting equipment.

Funds will be available however for communications systems, warning device systems, engineering, rescue services, training and education, health and special weapons, public information and education and emergency welfare.

Applications for the funds must be made on the official application form obtainable at the Chambersburg meeting, must be prepared in strict accordance with instructions and must be submitted to the State Council of Civil Defense through the County Civil Defense director prior to March 15.

TELLS CLUB OF RETARDED CHILD PROBLEMS HERE

Rev. Herman G. Stuempfle, pastor of Christ Lutheran Church and president of the Adams County branch of the National Retarded Children's Association, told the Exchange Club Tuesday night at its regular weekly meeting at Bankert's Restaurant, of the problems of and need for the treatment of retarded children.

He defined a retarded child as one with an IQ below 80, and then divided "retarded children" into three categories: those who are "almost vegetative in existence" and should be in mental hospitals, those who are semi-dependent and need day care centers, such as that established last spring in Gettysburg, and those who attend public schools, but are considered "slow learners."

Rev. Mr. Stuempfle described the retarded children as "often the most needy persons in the community, since they cannot understand their illness or communicate with others." The National Association was formed in 1950, "to speak for those who cannot speak for themselves." The Adams County branch was formed in August, 1953, and an estimated 900 children are thought to be retarded in the county, the speaker said.

Cites Local Effort

He described the three-pronged attack that the group is making on the problem. "First is the need for public understanding. We do not know why a child is born retarded; it can happen to anyone, and there should be no shame involved." He commended The Gettysburg Times and radio station WGET for the publicity given to the program.

Second, he said, the group must try to reach the parents. "The Day Care Center helps to relieve the mother of the burden of caring for such a child during the daytime, so that she can attend to her normal household duties." The third field is the child himself, who in many cases can be made a useful member of society. "State law requires that all children with an IQ over 50 must attend school, but towns like Littlestown and Hanover provide special classes for those between 50 and 89 I.Q."

"For those below 50, the group's Day Care Center is the place." He invited the members to visit the Center, located next to the library, on High St. "Some of the transformations have been almost miraculous," he said.

He concluded, "It is a part of democracy that all men are equal in worth and in opportunity, if not in ability. It is a part of Christianity that all men are created in the image of God, no matter how much that image may be shattered or distorted."

WEIKERT GOING AFTER TAXES

Borough Tax Collector J. Herbert Weikert, who has just mailed 600 reminders to about 1,200 local residents whose 1954 taxes are unpaid, is going after the delinquent taxes next month, he said today. A five per cent penalty goes on all unpaid taxes December 1 and the reminders Weikert sent out called attention to that fact.

He said he is going to place wage attachments on all persons owing occupation and per capita taxes after the first of the month and personal property sales will be instituted to collect occupation and per capita taxes of non-wage earners.

He added: "According to law, a tax collector must bring suit against any employer who fails to deduct taxes from the wages of his or her employees after an attachment has been issued by the tax collector."

Property owners face tax liens January 1 if their taxes are unpaid by that time.

Weikert's records show \$26,414 remains to be paid on county, borough and school duplicates that totaled more than \$255,000. There is only \$1,931 owing on borough taxes: \$1,511 on county tax; \$1,079 on poor district tax; \$128 on personal property tax and \$21,764 on school tax.

Student Fined \$15 For Prank In Park

Gordon Spillinger, 19, Falls Church, Va., a Gettysburg College student, was fined \$15 by U.S. Commissioner Edward B. Bullett Tuesday afternoon on a charge filed by C. W. Riddle, a supervisory ranger for the Gettysburg National Park.

Spillinger admitted rolling logs onto Slocum Ave., near Wainwright Ave., the night of October 16. The logs had been piled along the avenue by park workmen where trees had been felled. No traffic accidents resulted from the logs being placed on the road but a park investigation was launched that led to the filing of the charges against Spillinger.

The student entered a plea of guilty to the charge.

DEFENDANT IN MURDER CASE ON STAND IN OWN DEFENSE TODAY

James "Jake" Nathan Jr., 31-year-old Tallahassee Fla., migrant worker "boss," this morning told the Adams County court how it came about that he shot his brother, John Henry Nathan, 27, father of two children, on the night of October 16 at a labor camp near Mummaburg.

And Nathan's story did not vary too greatly from the details pieced in by witness after witness Tuesday as the prosecution built its second degree murder case against the cigar smoking negro worker.

Nathan said he had no intention of shooting anyone when he left the room of George Clark at the labor camp after an argument with his brother over gambling, and then returned to the room with a shotgun under his arm. John Henry Nathan died from loss of blood after the shotgun was discharged and the pellets struck him in the thigh, severing the large artery and vein there. Death came, Dr. C. G. Crist, County coroner, told the court Monday afternoon within about three minutes after the victim was shot.

Broke Up Gambling Twice

The defendant numerous times repeated "I don't want to contend nothing" during the course of cross examination by District Attorney Daniel E. Teeter this morning.

He admitted there had been arguments between him and his brother previous to the night of October 16. On the night of the shooting, Nathan said, John Henry Nathan and others were visiting the camp operated by the defendant, near Mummaburg.

There was gambling going on and Nathan said he broke it up twice. He heard the rolling of dice in Clark's room when he went back there a second time, but "did not catch them gambling." He admitted to an argument with his brother. "He raised his voice I pitched mine a little higher too."

Didn't Know Gun Was Loaded

Clark came between James Nathan and John Henry Nathan as they argued and James Nathan "clenched his fists," and that "broke it up," the defendant said. He told the court he then told the 10 people in the room that "when I come back you all get out." During the argument with the victim, Nathan had ordered his brother out of the room and John Henry had refused to go, saying "you ain't none of my daddy." Nathan on the witness stand repeated, his voice trailing off: "I axe him to go and I axe him to go out and he wouldn't go."

Nathan said that when he left the room he knew his brother wouldn't leave, "he had too much drink in him," but he thought by showing the shotgun the remaining people in the room "would get out and he couldn't do no gambling by his ownself."

The defendant said he had a .44-caliber revolver in his hip pocket but did not use that to enforce his authority because "I knowed that was loaded." He said he was unaware when he secured the shotgun that it was loaded. Earlier in the day he had loaded the gun to shoot a pheasant but "it was in my mind at that time and then it wasn't."

Carried Gun For Effect

He said he did not plan to point the shotgun at any of those in the room, but merely carry it while he ordered them out.

He went to the door of Clark's room, Nathan said, and about that time the gun fired. Nathan said he had had it under his arm, and "I don't know how the gun got cocked before it went off. I had to think I cocked it. I gun wouldn't of fired unless I cocked it. I just (Continued On Page 5)

Detention Cell Needed At Jail

Plans for construction of a special detention cell at the Adams County jail were discussed by the county commissioners with the sheriff and architect this morning.

No decision was reached with the commissioners seeking further information from state officials concerning their suggestions on the location of the special detention room.

Sheriff Dorsey Schultz told the commissioners he sought a detention room that could be constructed in such a site that it could be reached without entering the cell block. The cell, he said, is needed for prisoners who may become violent and on a number of occasions, prisoners of that type have destroyed equipment in the regular cells before being subdued. The detention cell would be so constructed that there would be no cots or plumbing equipment and would have a type of mat on which a prisoner could rest but could not destroy.

SA SEEKS FUNDS IN TWO AREAS

The Salvation Army this week launched a financial campaign to raise \$600 in the Littlestown and McSherrystown areas, for the purpose of aiding the Army's welfare programs and assisting those in need. A mail order appeal is being conducted in these areas.

Samuel Higinbotham, general chairman for the Littlestown area, has set the quota there at \$400. Contributions may be sent to Arthur S. Blair, Littlestown National Bank, Richard Cratin is chairman in the McSherrystown area, where the quota is \$200, and donations may be sent to Howard S. Riegle, 401 Main St.

Roland W. Keller, Divisional services Unit director, said "this is the 75th year of service by the Salvation Army in America. Among the services rendered are aid to transients, a home and hospital for unwed mothers, and Armed Forces entertainment club program, and a summer camp for underprivileged children."

Twenty per cent of the funds raised in the Littlestown and McSherrystown areas will be retained by those towns, to finance the local programs. The rest will be used by the national organization.

The annual father and son banquet of St. Mary's Reformed Church, Silver Run, will be held on Friday evening in St. Mary's Lutheran Church parish hall. The Rev. John B. Howes, of the Westminster Theological Seminary, will be the guest speaker. George Bowen will serve as toastmaster. The banquet is being sponsored by the Men's Brotherhood of the church and the program will be in charge of George Bowen and Howard Bowman. Joseph Yingling, Guy W. Wolf, Evan D. Kline and Alvin G. Dutcher Jr. are in charge of the ticket sales.

Family Moves

Mr. and Mrs. Joseph Cookson and children, Michael and JoAnn, have moved from 501 E. King St. to their newly built home on E. Myrtle St.

Miss Marion L. Stavelly, daughter of Mr. and Mrs. Lloyd L. Stavelly, Crouse Park, was recently promoted to assistant head nurse in the operating room at Union Memorial Hospital, Baltimore. She was graduated from the Union Memorial Hospital School of Nursing in 1952. Miss Stavelly spent the weekend at the home of her parents.

Sunday dinner guests of Mr. and Mrs. W. Robert Stover, S. Queen St., were their son-in-law and daughter, Dr. and Mrs. M. J. Huffnagle and children, Fred, David, Carolyn and Mary Beth, Philadelphia, and their son and daughter-in-law, Mr. and Mrs. Robert E. Stover and children, Marilyn and Larry Gene, York.

Girl Scouts Meet

Members of Senior Girl Scout Troop No. 29 and their guests took part in a straw ride on Saturday night. The group left in two tractor drawn wagons from the Ivan Kindig farm, near town, at 8 p.m. and returned there at 10 p.m., when refreshments were served. The group was accompanied by these adults: Mr. and Mrs. Clinton O. Sentz, Mr. and Mrs. Charles E. Rabenstein, Kenneth Miller and Ivan Kindig. The latter two provided transportation. Members of Troop 29 who went on the ride were Susan Baumgardner, Anne Karns, Loraine Snyder, Nancy Slusser, Nancy Yingling, Marybelle Marshman, Suzanne Long, Barbara Helwig, Joyce Brown and Lois Shull. Anna Burton was junior leader at the meeting of the Junior Fellowship of Centenary Methodist Church on Monday evening in the social room of the parsonage. Betty Flickinger was in charge of the meditation during the devotions. The Scripture was read by Susan

Runkle, followed with the Lord's Prayer in unison. The pastor, the Rev. Herman E. Stenger, spoke to the group concerning the life of the boy Jesus at Nazareth, as compared to lives of children today.

The Fellowship will meet next Monday at 7 p.m. at the parsonage. Visitors might will be observed by the group at the meeting on November 29. Mothers of the members are urged to attend and learn of the work done at the weekly meetings of the Fellowship. There will be a group of Christmas articles on display, and the money from the sale of the articles will be used to finance a Christmas party for the Fellowship.

LITTLESTOWN PTA WILL BUY AN AUDIOMETER

The purchase of an audiometer was announced and prizes awarded to the winners in a recent membership drive at the monthly meeting of the Littlestown PTA association Tuesday evening.

Mrs. Brenda Walker, school nurse, reported that an audiometer was available for \$276.91 and the association ordered its purchase. It is used to determine where a pupil should sit in a classroom in order to hear properly.

A \$5 prize was given to Mrs. Naomi Schwartz in the recent membership drive. Mrs. Schwartz, first grade teacher, has a record of 87 per cent of the parents enrolled in PTA. Second prize of \$2 was awarded to Mrs. Gertrude Knouse, first grade teacher, with 79 per cent of the parents enrolled as members.

John Riley, chairman of the shrubbery committee for Rolling Acres Elementary School, announced that his group is considering one bid for shrubbery.

Make \$276 On Sale

The PTA award for the month was won by Mrs. Geraldine Redding, second grade teacher.

The meeting opened with the salute to the flag followed by the invocation by Rev. David S. Kammerer. Group singing was led by Mrs. Joan Wilt accompanied by Mrs. Stanley Staub, pianist.

Mrs. Katherine Geiman, secretary of the association, thanked those who helped make the recent PTA food sale a success. The profit was \$276.91.

The refreshment committee for the December meeting includes: Mrs. Frank Basehoar and Mrs. Charles Ritter, co-chairmen, Mrs. Joe Cookson, Mrs. Lewis Cromer, Mrs. James Dutta and Mrs. Stanley Bowersox.

Present Program

The music departments of Littlestown Junior-Senior High School provided the program after the business meeting with Paul A. Harner band director, and Mrs. Joan Wilt, music instructor, in charge.

Mrs. Wilt explained how the children are taught the fundamentals of music and Mrs. Geraldine Redding demonstrated the way the children are taught to sing. A song, composed by the students of the fifth grade, was sung by the members of the class. Mrs. Stanley Staub is the fifth grade teacher.

Mr. Harner explained the instrumental part of the program and told the parents how the student is prepared, while still in the early grades, and advanced to a position in the high school band. Two selections were played by the band. Maurice Bream showed a film with the band marching in the Delone-Littlestown game.

Refreshments were served after the meeting by the committee: Mrs. Preston L. Myers, Mrs. Clinton O. Sentz, Mrs. Robert H. Miller and Mrs. Clair A. Beamer.

About 9,250,000 U.S. wives now hold jobs outside their homes compared with a peak of seven million during World War II.

Expect Senators Martin And Duff To Reach Agreement On Filling Federal Judgeships

By J. FRANK TRAGLE

WASHINGTON (AP)—Persons close to Sens. Martin and Duff of Pennsylvania said today the two Republicans may reach agreement in the next month or so on recommendations to fill one or more of the four federal judgeship vacancies in the state.

Lending support to such a possibility was the fact that Duff had a 45-minute talk with President Eisenhower on Monday. As one person close to the senator put it:

"It is quite reasonable to assume that the President and the senator discussed the need of rejuvenating the Republican party in Pennsylvania. And it would be difficult to talk about the future of the party in the Keystone State without also discussing patronage."

Besides the four long-standing judgeship vacancies in the state—two in the east and two in the west—there are these other federal job vacancies: a U. S. marshal and collector of customs in the Western District, and a U. S. marshal in the Middle Judicial District.

Van Dusen Was Issue

A long-standing judgeship nomination that caused a lot of discussion and resulted in disappointment to some Pennsylvania Republicans was that of Francis L. Van Dusen, a Philadelphia lawyer who resides in Montgomery County. Van Dusen had the support of the American, Pennsylvania and Philadelphia Bar Assn. and of a number of prominent Keystone State Republicans.

But Lt. Gov. Lloyd Wood, a party leader in Montgomery County, did not support Van Dusen. Wood was represented as feeling that he did not want to be in the position of asking for too much political patronage for Montgomery County residents, especially in a campaign year.

No Action Taken

Martin and Duff did not want to recommend anyone who was opposed by his county leadership and so they opposed Van Dusen's nomination when it was sent to the Senate by President Eisenhower. Their annoyance was directed at Atty. Gen. Herbert Brownell for having recommended to the President a man Brownell knew did not have the support of the two senators. They were not opposed to

Van Dusen in a personal way. The Senate Judiciary Subcommittee on Nominations held a hearing on the nomination but no action was taken. The Senate subsequently quit—until it returned for the present session—and the Van Dusen nomination automatically died.

Eisenhower could give Van Dusen an interim appointment but his name would have to be submitted again after Congress returns in January. Or Eisenhower could wait and send the nomination to the Senate in January.

It appears unlikely that the Senate would do anything about Van Dusen's nomination if it were submitted during the present, extraordinary session because Senate leaders have indicated they do not want to have any controversial nominations submitted at this time. And a Van Dusen nomination would be controversial because aides of Martin and Duff have said there is no change in that situation.

Persons mentioned as possible nominees for the eastern Pennsylvania judgeship vacancies are Edward W. Furia, Philadelphia, former clerk of the courts; G. Harold Watkin, secretary of the state senate, and William G. Kraft, former district attorney of Delaware County. In the west the names include Alex Cooper of Pittsburgh, Lee C. McCandless of Butler, Herbert Sorg, former speaker of the state House of Representatives; John M. Walker, former state senator; Ralph Bell of Pittsburgh, defeated in his bid for the state Superior Court; and former Judge John Drew.

Expert Confirmation

Change in control of the House and Senate from Republican to Democratic is expected to have little effect on Senate confirmation of Eisenhower nominations. That is, a nomination is not expected to be opposed by Democrats on grounds that the nominee is a Republican and the Senate is under Democratic control. This was generally true in the 80th Congress when Republicans were in control of the House and Senate and the Democrats were in control of the White House.

Another, over-all patronage problem may face Martin and Duff and Republican House members next year: What to do about the thousands of Republican appointees who

Bury Barrymore Thursday Morning

HOLLYWOOD (AP)—The body of Lionel Barrymore will be placed in a crypt next to those of his wife and his brother John after a Roman Catholic funeral services tomorrow.

A requiem mass will be said at 10 a.m. in the tiny chapel of Calvary Cemetery.

The 76-year-old actor died Monday of heart congestion. He bought the crypt for himself 18 years ago after the death of his second wife, actress Irene Fenwick.

Honorary pallbearers will include Eddie (Rochester) Anderson, Lew Ayres, Francis X. Bushman, author Gene Fowler, Bob Hope, L. B. Mayer, Mickey Rooney, Dore Schary, Robert Taylor, Spencer Tracy, Darryl Zanuck and director Frank Capra.

Sheriff's Partner Goes On Trial Next

PHENIX CITY, Ala. (AP)—With former Chief Deputy Sheriff Albert Fuller under seven-year prison sentence for taking vice pay-offs, the state shifted its attention today to an accused partner in a five-million-dollar lottery racket. Pudgy, baby-faced Godwin Davis Jr. was called to trial on the first of 44 indictments for lottery operation.

The younger Davis, his father Godwin Sr. and his uncle George T. Davis Sr. are charged with bossing a multimillion-dollar numbers syndicate broken up last summer in the vice cleanup resulting from the murder of racketeer A. L. Patterson.

Fuller filed notice of appeal from his bribery conviction.

PUC AUTHORIZES NATURAL GAS IN NORTHERN AREA

HARRISBURG (AP)—Public Utility Commission approval of two utility company applications today opened the way for immediate introduction of natural gas service in five counties of north-central Pennsylvania. The PUC yesterday authorized the Scranton-Spring Brook Water Service Co. of Wilkes-Barre to begin the retail sale of either straight natural gas or natural gas mixed with manufactured gas to 80,000 customers.

They are located in the company's Sunbury, Williamsport and Bloomsburg-Danville divisions taking in Columbia, Northumberland, Snyder, Montour and Lycoming Counties.

Opposed To Gas

The area borders on the anthracite region which is traditionally opposed to the spread of natural gas use.

In addition, the commission approved a supplementary application by the Manufacturers Light & Heat Co. of Pittsburgh which would amend its charter to allow wholesale sale of natural gas in Clinton, Clearfield and McKean counties.

Scranton-Spring Brook has arranged to buy natural gas from Manufacturers for 20 years.

When the Scranton firm proposed the changeover to natural gas it told the PUC the move would help industrial expansion in the region. Scranton-Spring Brook is one of the largest privately owned water companies in the world and serves 57 municipalities in Susquehanna, Wayne, Lackawanna and Luzerne counties. It maintains a separate gas division which retails manufactured gas.

Provide Service

The commission said its action in approving the two applications would provide "more reliable and adequate service" for consumers of the region without diverting fuel from any of the Pittsburgh firm's present customers.

The 19th amendment to the U.S. Constitution became effective in 1920, assuring women the right to vote.

A. E. Hutchison Bags 200 Pound Bear Today: A. E. Hutchison, West High Street, proprietor of the H. and H. machine shop, South Washington Street, killed a 200-pound bear in Sullivan County Tuesday morning, according to a telegram from one of the party of Gettysburgians hunting with Hutchison.

Visual Aids Stressed by Dr. C. F. Hoban: The first sectional meetings for the 240 teachers attending the seventy-fifth annual Adams County institute at the Gettysburg High School were held this morning.

The first speaker at the afternoon session was Dr. C. F. Hoban, of the state department of instruction whose subject was "The Fundamental Value of Visual Materials." "No subject means so much in practical values as knowledge of visual aids in the instructional process," he said, adding that teachers must know how to put these aids to effective use. He stressed the need of visual instruction for each subject taught.

County Taxes Not Changed: The Adams County commissioners set the 1954 tax rates at eight mills for county purposes and one mill for bond purposes at their regular meeting Tuesday. The rates for next year are the same as those for 1953.

The commissioners also inspected the Lincoln Highway, between Guilford's station and New Oxford and the road from Hampton to York Springs now under construction by the state department of highways.

1 Shot Kills Two Rabbits: The man who killed two birds with one stone has nothing on William Zinkand, Lincoln Way east, who shot and killed two rabbits with one load while hunting on the Spangler farm, Straban Township, Tuesday afternoon.

According to Mr. Zinkand, he aimed at a rabbit running around the foot of a pine tree and when he reached the place he found another dead bunny beside the one he had shot. The second rabbit apparently was struck by some stray shot of the load which killed rabbit No. 1.

Imposing \$100,000 College Library Will Be Officially Opened: Gettysburg College's new \$100,000 M. Emory Weber Memorial Library will be officially opened to the students Monday morning, Dr. Henry W. A. Hanson, college president, has announced.

The beautiful new structure, erected on the site of the former Cottage Hall, is a most attractive addition to the large and beautiful college campus. The library also fills a long required need at the college and is considered one of the most beautiful in the east.

The formal dedication of the new structure will take place at a later day, after the grounds about the building have been beautified.

The library, made possible through a gift of \$100,000 from the Rev. Dr. H. H. Weber, of York, is built of Gettysburg brick with a granite base and cast stone trim. All the services of the building are located on the ground floor except such as cannot be separated from the study and reading rooms. The entire north end is given over to book storage with two tiers of metal book stacks having a capacity of 100,000 volumes.

Dr. Hanson also announced that Glatfelter Hall, closed since June while workmen renovated the historic structure and made it fireproof in all respects at a cost of \$100,000, will be ready for occupancy on Monday, November 25.

Fairfield Man Married Today: The wedding of Miss Mary E. Reed, daughter of Mr. and Mrs. H. D. Reed, Waynesboro, to Henry M. Neely, of Fairfield, was solemnized this afternoon (November 16) by the Rev. Dr. W. Woods, Broadway, at his home. The couple was attended by Mrs. G. M. Neely and George Neely Jr., mother and brother of the bridegroom.

REVIVED MEMORIES
There is satisfaction in the thought that our old friends never really die. Memory keeps them alive. For years the books of David Grayson have warmed and inspired me. I have all his books and I read and reread them. Many are signed to me, as he was my friend, and many a day we talked and expressed our mutual love for places, people, and books.

So intimately and simply are all the David Grayson books written that when I take one now from the shelves in my library to read, it is difficult to believe that my friend no longer lives in the flesh. He does live in his books and will continue to live. He wrote under the name of David Grayson, but his real name was Ray Stannard Baker, famous magazine writer and the biographer of President Woodrow Wilson.

This memory of ours is what keeps alive scores of our friends who no longer can meet us face to face. We look upon their photographs, read their many letters and books, and somehow breathe a silent prayer of love and appreciation to them "in the blue." How strange it would seem did we have no memories at all, so that no friends would be recalled, no experiences brought back to mind for enjoyment, no great art to frame anew in our mind. Thank God, memory is something that may be ours for so long as we live. It is the memory we have of great books we have read that makes us keep them as friends and consultants.

We go back to the place of our birth, or youth, and suddenly we seem young again! We visit a school we once attended and see ourselves in one of the seats we once called our own. J. M. Barrie, in his famous address before St. Andrews University in 1922, quoted from someone who said "that God gave us memory so that we might have roses in December!"

Tomorrow Mr. Adams will talk on the subject: "Brief Books" Protected, 1954, George Matthew Adams Service

Mushroom Expert Dies In Coatsville

COATESVILLE, Pa. (AP) — Louis F. Lambert, 88, an expert in the field of mushroom growing, died in Coatesville Hospital yesterday. Lambert, treasurer of the Keystone Mushroom Co., came to this country from Belgium as a youth. He was credited with discovering the process for making pure culture mushroom bottle spawn, now used universally by commercial growers.

In 1918, he opened a mushroom spawn business in West Chester, Pa., and in 1923, moved to Coatesville.

Delaware Co. Civic Leader Dies Suddenly

SWARTHMORE, Pa. (AP) — William F. Delehanty, Delaware County civic leader, died yesterday after suffering a heart attack while waiting for a bus near his home. Delehanty, who was 74, was executive secretary of the Chester, Pa., and the Delaware County Chamber of Commerce. Active in Chester and Delaware County civic affairs for a number of years, he also was secretary of the Chester Businessmen's Assn. and was a member of the Chester Kiwanis Club.

DEFENSE WILL STRIKE BACK AT "SURPRISE" IN MURDER TRIAL

By RALEIGH ALLSBROOK
CLEVELAND (AP)—The defense prepared to strike back today against surprise testimony that the imprint of a surgical instrument was found on slain Marilyn Sheppard's bloody pillow.

"We're not just going to lay down and admit it was a surgical instrument," William J. Corrigan, chief defense attorney for Dr. Samuel H. Sheppard, said.

The white-haired, 67-year-old attorney admitted he had not known about the claw-shaped mark on the pillow, but declared firmly he was not surprised, "nothing is a surprise to me."

"Surprise" Sprung
Dr. Sheppard, a 30-year-old osteopath, is accused of killing his wife, Marilyn, 31, in the bedroom of their lakefront home July 4.

Asst. County Prosecutor John J. Mahon said the pillow slip was the "surprise" evidence which the prosecution previously said it planned to spring at the trial.

Its introduction, through testimony of County Coroner Samuel R. Gerber, completely overshadowed other events in the trial session yesterday.

Never Found Weapon
Coroner Gerber, who for a period following the murder served as top investigator, was on the stand most of the day. The state said it would complete its direct examination today and surrender the witness to the defense for cross examination.

Corrigan is expected to spend at least a day hacking away at Dr. Gerber's testimony. The two have tangled several times in the past. Particular significance was attached to Dr. Gerber's testimony because the murder weapon has never been found.

No Injury To Doctor
Although the coroner would not disclose what kind of surgical instrument he believed the large blood mark showed, some prosecution sources said it resembled the head of a "stille," used to remove heavy plaster casts. Dr. Stephen Sheppard, the defendant's brother, told a reporter that to his knowledge, the defendant did not own a "stille" cast cutter.

Dr. Gerber said he examined 15 X-ray pictures of Dr. Sheppard and found no sign of an injury. Dr. Stephen Sheppard claimed shortly after the slaying that the defendant suffered a broken neck in fighting the "intruder."

Differences In Claims
The prosecution contends he received only a black eye and that it doesn't know how he got that.

The coroner fixed the time of death for Mrs. Sheppard at between 3 and 4 a.m. Earlier, he testified Dr. Sheppard's wrist watch, found outside the home, had stopped at 4:15.

Dr. Gerber said he discovered water inside the watch's crystal. Dr. Sheppard said after being knocked out the second time he came to on the beach with the waves rolling around him.

BUDD CO. CLOSED BY UAW STRIKE

PHILADELPHIA (AP)—The Budd Co.'s huge plant, which turns out steel bodies and other automobile parts, was closed again today in a walkout of its 4,800 workers.

Union officials termed the walkout, which started yesterday, unauthorized. John J. Spillane, eastern Pennsylvania director of the CIO-United Automobile Workers, said every effort would be made to get the men back on their jobs.

According to John R. Bangs, Budd's director of industrial relations, the walkout stemmed from the company's dismissal of 19 workers who had staged an "illegal sit-down strike."

Picket Lines Established
Picket lines were established outside the firm's Hunting Park Avenue plant yesterday and workers refused to cross them.

Between 200 and 250 Budd workers struck yesterday at the firm's Red Lion, Pa., plant for a different reason. The strikers, employed in the auto chassis department, said they walked out in sympathy with 18 Red Lion plant employees dismissed in a dispute over overtime work.

A Budd spokesman said the firm recently reduced its rates on Chrysler automobile doors so that it was impossible for workers to make more than \$17 per day, compared with the previous \$20 a day.

Coatsville Trainee Among Prosecutors

AUGUSTA, Ga. (AP)—The Army disclosed yesterday that a Coatesville, Pa., trainee was among those bringing charges against 2nd Lt. Charles C. Anderson, now being court-martialed on charges he maltreated and humiliated trainees at Camp Gordon.

Army authorities said Pvt. Paul T. Ferguson, 17, of (675 Main St.) Coatesville, was maltreated by being unclothed to have his body rubbed with a wet rag covered with sand.

Here And There
News Collected At Random

Those who enjoy the rhythmic beat of flanged wheel on rails and hear music in the clank and clangor of a speeding train soon may hear those very sounds in a symphony. The opus is being planned by Academy Award-winning composer Carmen Dragon. He has been riding the rails with recording equipment to capture all the sounds of a train on its run, even those made by the crew in the background. Mr. Dragon says, "The vibrational energy of a train in operation has long intrigued me. The music will be written in strict form to the sound track." The premiere of the symphony will be held in the fall. The title, of course, will be "Railroad."

The Orient Express, running three times a week from Paris to Istanbul, is called the world's first international train. Its crossing of national borders was authorized in 1883, not by contract between railroads but by diplomatic treaty between the seven nations concerned. It also holds the distinction of being mystery writers' first choice among trains because of its history of espionage, intrigue, and murder. In its nearly three-quarter century of operation, the Orient Express has known more unexplained deaths and outright murders than any other train in the world.

Alaskan railroads have trouble every winter because moose herds seem to consider the cleared tracks as their own right-of-way. During the season of snowfalls, the landscape is covered six feet deep, and even the mighty moose find the going difficult. Railroad officials can understand why the big animals, after wallowing through drifts, are happy to walk the cleared tracks from one feeding ground to another. What these men don't like is the moose habit of refusing to budge when a train comes along. Engineers don't want to hit the big creatures and the crews try various methods of scaring them away. Loud blasts of the whistle, whizzing snow balls, flashing headlights, red flares and even rockets have been used, often with little effect. Due to unavoidable accidents, such as result when moose jump on the tracks just as a train comes around a curve or a belligerent bull charges an engine, the death rate is high. One engineer reported that, in spite of all precautions, his train killed 144 moose last winter.

TRANSPLANTED GLANDS LIVE 2 YEARS IN WOMAN

By ALTON L. BLAKESLEE
AP Science Reporter
ATLANTIC CITY, N.J. (AP)—Glands taken from a dead baby are apparently still living and working two years later in a young woman's body, two surgeons reported today.

They are the thyroid gland and the parathyroids, little glands which ride piggy-back on the thyroid. They are apparently the first case of successful transplanting of these glands for this long a time.

Own Glands Removed
The dramatic case was described to the American College of Surgeons by Doctors Julius A. Sterling and Ralph Goldsmith, of Albert Einstein Medical Center, Philadelphia.

The woman, now 31, had her own thyroid and parathyroids removed in 1941 because her thyroid was too active.

Later, she began suffering from muscular spasms, tremors and pain due to lack of calcium, which is controlled by the parathyroids. An attempt, at another hospital, to transplant parathyroids in 1949 failed.

She grew worse, had to go to the hospital as often as four times daily for calcium injections. She also suffered from lack of thyroid hormone.

Free Of Disease Now
Just two years ago, she was given the glands from a baby who died at 21 days of age. The baby's parents gave permission for removal of the glands from the infant's neck within an hour after death.

The glands were placed in the woman's groin. Blood vessels of the glands were connected with her own blood vessels.

She has been free of disease complications ever since, Sterling said. Once in a while she takes calcium pills. She no longer needs thyroid pills or other medicines.

CC STARTS CONTEST

HARRISBURG (AP)—The State Chamber of Commerce today invited Pennsylvania communities—both large and small—to compete in a new \$10,000 community development contest during 1955.

The chamber said contest rules and entry blanks would be distributed throughout the state soon. The objective of the contest is to spur statewide economic and civic progress.

"GO AHEAD AND CENSURE," SAYS SEN. MCCARTHY

By JOHN CHADWICK
WASHINGTON (AP)—Sen. McCarthy said today in response to a move to broaden the rebuke proposed for him that he hopes the Senate will promptly "go ahead and vote all the censure they want to."

Yesterday Sen. Bennett (R-Utah) announced that he will put before the Senate a new count based on McCarthy's attack on a special bipartisan committee that recommended an official rebuke for him. He said he didn't know just when he would file this third count.

Bennett's announcement followed an emotional appeal from the chairman of the special committee, Sen. Watkins (R-Utah), who asked his colleagues what they were going to do about McCarthy's statement that the Communist party had extended "its tentacles" into the Senate itself.

Watkins Indignant
An indignant Watkins denounced as a "hit-and-run speech" McCarthy's accusation that the special committee had acted as an "unwitting handmaiden" of the Communist party in recommending censure. He said the Senate should make this a third count against McCarthy.

"It was the Senate who called upon us to perform this duty," said the 67-year-old Watkins, a man spare in speech and manner. "Therefore I ask what is going to be done about it?"

How can the Senate of the United States hold up its head among other free deliberative bodies of the world unless it does something about this matter?"
New Complication
Sen. Bridges (R-NH), temporary president of the Senate, said in an interview Bennett's proposed additional charge will make it "a little more difficult" to try to work out a compromise. Bridges has been active in behind-the-scenes talks aimed at developing some compromise formula on the censure issue.

The Watkins committee, composed of three Republicans and three Democrats, recommended unanimously that McCarthy be censured both for his treatment of Zwicker and for what it called his contemptuous conduct toward a Senate elections subcommittee that probed his finances in 1951-52. One member, Sen. Case (R-SD), has since announced he will not vote for censure on the count involving Zwicker.

McCarthy, after learning of the additional charge promised by Bennett, said "now they want to censure me because I am defending myself—that is getting so ridiculous it's beyond comprehension."

Pressure Growing
"I wish they would go ahead and vote all the censure they want to so I can go back to work," he added.

An increasing desire to bring the censure issue to a vote was evident. Sen. Malone (R-Nev.), a McCarthy supporter, announced he will move Friday or Saturday to kill the censure recommendations by tabling them.

McCarthy pictured Watkins as coming "crying to the Senate that I should be censured for defending myself." He called it an Alice-in-Wonderland note to a procedure which he said is getting "curiouser and curiously so."

Contemptuous Again
Watkins, in calling for a new censure charge, said McCarthy had shown himself contemptuous, indecent and insulting "under our very noses" on the Senate floor.

He said McCarthy's "Communist handmaiden" charge was an insult to the Senate itself—"committed in

BRITAIN ADDS TO A-MATERIAL

UNITED NATIONS, N. Y. (AP)—Britain joined the United States Tuesday in earmarking a quantity of atomic material for use under President Eisenhower's atom-for-peace program to build experimental reactors in other countries.

British Minister of State Anthony Nutting told the General Assembly's 60-nation political committee that Britain had allocated 20 kilograms (44 pounds) of fissionable material to be added to the 220 pounds set aside by the United States yesterday.

The announcement came as U. N. delegates hailed the U. S. move as the biggest step forward since President Eisenhower first conceived his plan to use atomic energy for peaceful purposes.

Meanwhile, Russia and the Western delegates continued private talks on a series of Soviet amendments to a seven-power resolution outlining plans for an international agency which will handle the distribution of the fissionable materials.

Informed quarters indicated the Western countries had turned down the main Soviet amendment—to place the agency under the Security Council, where Russia has the veto.

U. S. Chief Delegate Henry Cabot Lodge Jr., however, expressed confidence that the seven-power resolution still might be approved by a unanimous vote in substantially its present form. This leaves the exact relationship of the U. N. and the agency to be determined by negotiations, but suggests that the two be linked in the same manner as the U. N. and its specialized agencies.

EUB CONFERENCE HEARS WCC HEAD

MILWAUKEE (AP)—The 38th General Conference of the Evangelical United Brethren Church was told Monday by the Rev. Samuel McCrea Cavert of New York that the church is "ecumenical—a worldwide fellowship in Christ."

Dr. Cavert, executive secretary of the World Council of Churches, said ecumenical means a parishioner belongs "not only to a fellowship in the United States but to the church in Germany, in Norway and in Japan."

"It means indebtedness to the whole heritage of Christian leaders — to Luther, to Calvin, to Roger Williams, John Wesley, St. John Chrysostom and St. Francis Assisi and their testimony for Jesus Christ."

In selecting editors for its publications the convention re-elected among others, Dr. J. W. Krecher of Harrisburg, Pa., editor of the "Telescope Messenger."

AWARD NEW CONTRACT
HARRISBURG (AP)—The General State Authority Monday awarded contracts totaling \$60,861 for construction of a fire tower at the North Hall, Mansfield State Teachers College, Tioga County.

The contract for general construction went to P. P. Case and Sons, Inc. Troy, \$58,565; and for electrical construction to Joseph L. Lecce, Williamsport, \$2,296.

CHICAGO (AP)—The body of Fred Snite Jr., the "Boiler Kid" who died in Florida last week after 18 years in an iron lung, was brought home Monday night for burial.

Funeral services will be held today at St. Luke's Catholic Church.

the very presence of the Senate." Pointing to his colleagues in all parts of the chamber, he said:

"I'm asking you . . . and you . . . and you, what are you going to do about it? . . . How can we hold up our heads?"

As for the question of who is a coward and who is not, Watkins demanded to know why McCarthy didn't testify before the 1951-52 investigating committee, but rather "hurled insults . . . from the safety of his office."

"I am not saying," Watkins told the Senate, "that he was a coward or was afraid . . . I'm leaving it up to you to make a judgment on that."

Kills Anti-Red In Traffic Argument

MEXICO CITY, (AP)—Police say a Mexico City detective has confessed he shot and killed a young anti-Communist press attaché of the Guatemalan Embassy in a traffic dispute. There had been fears the killing was political.

The attaché, Arnaldo Orantes, 23, was shot early Sunday. His companion Juan Luis Miron Munoz told police then Orantes was killed by a political enemy. Mexico is now harboring a large number of pro-Communist refugees from Guatemala.

The police announcement said Detective Antonio Llanas Salas had confessed he had an argument with Orantes when their automobiles interfered with each other at a traffic light. He said both he and Orantes pulled guns during the dispute and his went off accidentally. Llanas Salas was charged with homicide.

SEEK TEENAGER FOR CAR ARSON

PHILADELPHIA (AP)—Police in this juvenile crime-conscious city were searching today for a teenage boy who set fire to an automobile in a parking lot Monday, and was stuffing wads of newspapers in gas tanks of other cars.

The boy, estimated to be about 13, fled when he was discovered by a passerby. Police started a search for him. Firemen said the blaze had been started by igniting papers in the car's glove compartment. The fire was put out with a hand extinguisher.

Meanwhile, a nine-year-old boy admitted to fire marshal investigators that he set a blaze in the George Clymer elementary school Sunday morning in retaliation for a reprimand by his teacher. The fire wrecked three classrooms, including the home room of the boy. The boy's name was withheld because of his age.

The two developments Monday came on the heels of a police crackdown after gangs of teenagers damaged cars and houses last week in West Philadelphia. Police Commissioner Thomas J. Gibbons asked City Council to enact a curfew in an attempt to curb juvenile delinquency.

The mile was established for distance measurement in Roman times, says the National Geographic Society, and the term comes from the Latin "mille passuum" or 1,000 paces.

MILK AND EGGS SET PRODUCTION MARK IN STATE

HARRISBURG (AP)—Production of milk and eggs set new records for the month of October, the State Agriculture Department reported Tuesday.

Federal - state surveys showed milk output last month at 484 million pounds, or five per cent above the previous October high set last year.

Egg production at 346 million eggs exceeded the previous record set in October of 1953 by 12 per cent.

The report continued: "On the milk front, above-average supplies of late season green feed boosted output per cow. For the first time in 21 years October production exceeded that for September, the department said."

"The estimated number of milk cows in herds at 948,000 was unchanged from a month earlier but was one per cent above the 939,000 total for October, 1953. Production per cow averaged 511 pounds for this October compared with 502 in September and 492 in October last year."

"A record number of 22,749,000 layers on Pennsylvania farms and an all-time October high in rate of lay boosted egg production during October. Pullets entered laying flocks earlier than usual this fall and many produced at peak levels in October."

"Production of eggs for the first 10 months of this year has reached a total of 3 billion 435 million, or 7 per cent above last year's record of 3 billion 206 million for the January-October period."

"Milk production for January through October totaled 5 billion 168 million pounds, or more than 1 per cent above the 5 billion 63 million pounds for the same 10-month period last year."

"Nationally, October production of milk and eggs also reached record levels."

1,000 AT SERVICE
HARRISBURG (AP)—Some 1,000 clergymen attended a prayer service here Tuesday opening the 3rd annual three-day Pastors Conference sponsored by the Pennsylvania Council of Churches.

The Rev. W. Lynn Crowding, Williamsport, program chairman, said the event will include addresses by national church leaders on various phases of church work and the background of Christianity.

Harrisburg Pastor Gets New Position

MILWAUKEE (AP)—The Rev. Dr. Cawley H. Stine of Harrisburg, Pa., was elected associate secretary of the General Council of Administration of the Evangelical United Brethren Church at the 38th quadrennial General Conference of that denomination here yesterday.

Dr. Stine is pastor of State Street Church in Harrisburg and had been recording secretary of the East Pennsylvania Conference.

Dr. Stine will assume his new duties January 1. His headquarters will be in Dayton, Ohio.

He succeeds the Rev. Dr. H. W. Kaebnick, who Monday moved up to become executive secretary of the group.

FINE SETS NEW TAX FIGURE

HARRISBURG (AP)—Gov. John S. Fine has raised to 350 million dollars the amount of new taxes he estimates will be needed for the 1955-57 biennium if the state's one per cent sales tax is abolished.

The governor, in a pre-election estimate said 191 millions in new taxes would be needed if the sales tax is continued and 300 millions if it is dropped.

Fine, in a speech last night before the Pennsylvania Council of Republican Women, said an additional 17 millions would be needed for education and 3 millions for relief.

Gov.-elect George M. Leader, however, rejected Fine's previous estimate of 300 millions in new taxes needed and said he would reach his own estimates of the commonwealth's financial needs on the basis of the report of a committee of experts he will set up.

Fine said he hopes to confer with Leader soon, "perhaps next week, so that he can make early acquaintance with our fiscal problems."

JIMMY CARTER IS FAVORED TO REGAIN TITLE

By BOB MYERS
SAN FRANCISCO (AP)—Mechanical Jimmy Carter steps into the ring tonight favored to regain the world lightweight championship from Brooklyn's Paddy eMarco, the young man who relieved him of the title 10 months ago.

The setting for the 15-round encounter between the top two 135-pounders in the nation is the spacious Cow Palace in South San Francisco.

The contest, a replay of an upset registered by the 26-year-old Paddy in New York last March 5, will be televised coast to coast by CBS.

Won Crown In '51

It is scheduled for 10 p.m. EST. Carter, a veteran of 30 years, remained a 2-1 betting favorite today to whip his more unorthodox fellow New Yorker. The workmanlike fighter from Harlem already has the peculiar distinction of having lost and then regained the same lightweight title.

He will be the first in ring history in the division to repeat such a stunt if he wins tonight.

Carter first captured the crown in May 1951, when he knocked out Ike Williams in Madison Square Garden.

Lost It In '52

A year later, in a tremendous surprise, he lost the title to Lauro Salas in Los Angeles, via a decision. He won it back six months later in Chicago.

He successfully defended it against Tommy Collins, George Araujo and Armand Savele.

Then came DeMarco, with an awkward, windmill, crowding style, and once again Carter was without title.

Paddy Confident

DeMarco has not fought since the engagement with Carter. A rematch was twice postponed by the champion—last June and then in September—because of a virus and then an elbow ailment.

Paddy has trained hard and he is confident. He said he beat Carter and received a unanimous decision, and he frankly sees no reason why he can't do it again.

Carter said he expects to win decisively, if not by a knockout.

U.S. WARNS REDS TO STOP ATTACKS

MOSCOW (AP)—The United States asked the Soviet Union today to prevent any more incidents such as the Nov. 7 shooting down of an American plane off the northeast tip of Japan.

The plane, an RB29 photo bomber, was shot down by Soviet MIGs. Ten men were rescued but one drowned.

A U. S. note delivered to the Soviet Foreign Ministry by the U. S. Embassy, said:

"Such actions are in flagrant contradiction to recent statements by high Soviet officials that the Soviet Union seeks to abate international tension."

The note added that if the Russians fail to take steps to prevent further air incidents, the United States will be forced to take its own action to protect its planes on legitimate missions.

FORM CUB PACK WITH 40 BOYS

A Cub pack with a total of 40 boys in six dens was organized Tuesday night at a leaders' meeting in the parish school of the Church of the Annunciation of the Blessed Virgin Mary, McSherrystown.

The new unit, which will be known as Pack 107, will meet the fourth Tuesday of each month with the initial meeting set for Tuesday at 7:30 p.m. in the school.

Named to the pack committee were: Rev. Alexius Arnoldian, institutional representative; Leo C. Groff, chairman, and John Horwedel, Stephen Krichten, Guy William Hoffman, Nelson J. Topper, Harold J. Greenholt, Larue Sanders and Thomas Livelsberger.

Pack leaders will be: Cubmaster, John A. Smith, and den mothers, Mrs. Mildred Cramer, Mrs. Lester F. Hertz, Mrs. Beatrice Geisler, Mrs. Marie Reese, Mrs. Francis Swope, Mrs. Doris M. Hartlaub, Mrs. Lewis J. Klunk, Mrs. Doris C. Laugerman, Mrs. J. Clarence Overbaugh, Mrs. Horman Harman, Mrs. Francis H. Mock and Mrs. Marie Harman.

The meeting was in charge of Charles Harris, field representative of Conewago Boy Scout district, and Eugene L. Border, cubmaster of Pack 116, Grace Reformed church. Assisting in the organizational work were Mrs. Henry Ling, den mother of Pack 108, St. Vincent's Catholic church, Hanover, and Mr. and Mrs. Howard Bream, Pack 125, New Oxford.

HARRISBURG (AP)—The State Agriculture Department said today some 130,000 bushels of apples have been marked off as a complete loss due to Hurricane Hazel's blow to Pennsylvania farmers last month.

W. S. Hagar, acting secretary, said as many apples as possible were processed speedily ahead of schedule after the storm but that all could not be handled in time.

Death Of Gallant Fox Reported

The death of Gallant Fox, winner of America's triple crown of racing in 1930, was reported Monday. The first of three Kentucky Derby champions sired by the imported stallion Sir Gallahad III died at the A. B. BULLETS, F-M IN 57TH GAME AT LANCASTER

One of the country's oldest football rivalries will be renewed Saturday at 1:30 p.m. at Lancaster where the Gettysburg College Bullets meet the Franklin and Marshall Diplomats.

Since the inauguration of the series in 1890 the schools have met 56 times. Gettysburg holds a 27-24 edge in victories while there have been five deadlocks.

The most decisive victory of the entire series was registered by Gettysburg in 1905 when the Bullets won 72-0. The Diplomats' highest total was the 68-0 decision in the inaugural game in 1890.

Seek Fourth Straight

F. and M.'s last victory was the 59-20 verdict in 1950. Since then copping last year's contest here 40-21.

Upsets have been plenty in the long series and pre-game favoritism has meant little when these old rivals clashed.

Saturday's contest promises to be a typical all-out affair between the squads. The game will also mark the finish of the 1954 campaign for both schools.

The Bullets have won their last two games to bring their season record to 4-3. F. and M. swept through its first three games but has now lost four straight which should make them doubly dangerous.

WEILL DISLIKES LONDON RULING

SAN FRANCISCO (AP)—Al Weill, manager of world heavyweight champion Rocky Marciano, said last night he couldn't go along "at this time" with outlawing of the return contest clause in contracts for championship fights.

The ban was imposed yesterday by the World Boxing Championship Committee in London. It said it would not approve title fight contracts with return bout clauses.

While Weill dissented from the year-old committee, which was set up to standardize championships, Robert Christenberry of the New York State Athletic Commission said:

"For the first time in the history of boxing we have a committee which is determined to control the sport all over the world."

"I am confident the committee will stop the unhappy incidents which have occurred in the past."

DAWSON QUILTS AS GRID COACH AT PITTSBURGH

By GIB STALEY

PITTSBURGH (AP)—Capt. Tom Hamilton, Pitt's athletic director who has been doubling as head football coach, said today he will not engage in any speculation over who will do the coaching next season.

Hamilton made the statement about 12 hours after Lowell (Red) Dawson, announced he will resign at the expiration of his three-year contract Feb. 1, 1955.

The athletic director has been filling in for Dawson since Red was sidelined by a minor heart ailment after Pitt's first three games. Under Hamilton, the Panthers have won four of five games and have a 4-4 record going into Saturday's finale here against Penn State (6-2).

Delay Decision

"I said six weeks ago that no decision will be taken on the coaching job until after the season ends," Hamilton declared. "I don't know how soon we'll act. Personally, I want to get a breathing spell. Right now, we're interested very much in our plans for Penn State."

Dawson's action, announced late yesterday at a news conference which he called, was not entirely unexpected.

There had been rumors Dawson, 47, wanted to enter private business. And that's exactly what he plans to do, he declared, saying he has no intention of resuming his 22-year gridiron coaching career. His undivided business activity probably will take him out of Pittsburgh, he said, adding:

"I plan to stay around here the next few months and if Pitt can use my services I am available. After all my contract runs until next February."

Whaling Vessel Is Seized By Peru

LIMA, Peru (AP)—Peru announced last night that her navy had seized Aristotle Socrates Onassis' 13,000-ton whaling factory ship Olympic Challenger and "a number" of the other 14 ships in the Greek-born magnate's whaling fleet fishing off South America's northwest coast.

The fleet's big mother ship charged by radio that Peruvian planes had bombed and machine-gunned her before she surrendered. Panamanian inspectors aboard the Challenger reported to their government the ship was not hit.

A Peruvian government announcement said the captured ships were in the north Peru port of Paita, under the guard of Peruvian warships.

The announcement claimed Onassis' fleet had invaded Peruvian territorial waters, which Peru —

JACQUES FATH SERVICES ARE HELD IN PARIS

By JOSEPH E. DYNAN
PARIS (AP) — Paris said farewell to Jacques Fath Tuesday, and he would have loved it. The funeral for the 42-year-old dressmaker and noted partygiver was the biggest and most stylish this fashion capital has seen in years.
Nearly 3,000 persons, most of them women, jammed into the fashionable St. Pierre de Chaillot Catholic Church to witness the rites. More than a thousand others, also nearly all women, strained police lines on the sidewalks. Traffic in the vicinity was snarled for hours.
Police said only one woman fainted.
Nearly everyone who interested Fath was there — from the humble young midnights who worked their needles on his creations to the heavily minked women who bought and wore them.
"Throng Of Curious"
There were the cloth manufacturers, the dress dealers, the accessory salespeople, the mannequins and scores of the women who once wore or dreamed of wearing a Fath gown, plus celebrities from diplomatic, governmental and movie circles and a throng of curious.
Inside the huge, modernistic church, just around the corner from Fath's dressmaking house, the nave and sacristy were cloaked with towering black drapes, initiated in accordance with French custom "JF" for the deceased. The main altar was ablaze with candles and lights, and another

No Craft Missing Says Air Force

DAYTON, Ohio (AP) — The Air Force Tuesday called off its search for a B29 reported crashed near Flemingsburg, Ky., last night with eight men aboard. Four states were alerted.
Officials at Wright-Patterson AFB here said a thorough check showed no Air Force aircraft missing or overdue. The base dispatched two B29s and a KC97 refueling plane to the Kentucky-West Virginia area after a "ham" radio operator at Indiana said he received a distress call from a missing plane in the Huntington-Charleston, W.Va., area.
Maj. B. W. Bias of the Civil Air Patrol at Huntington said the CAP had been advised by other "ham" operators the plane caught fire and crashed in the Flemingsburg area. No wreckage has been located.

The coffin, surrounded by soaring candles, lay on a bier fully 10 feet high just under the cupola.
The priest in his brief funeral oration seemed to take note of the elaborate rites. The service and the prayers, he said, are always the same in the Catholic Church, for rich and poor alike.
He mentioned Fath but briefly, saying that before his death Saturday he had received the last sacraments of the church. He referred to the designer's business and said he hoped its 600 employees would continue to find a livelihood.

SCHICK SHAVER FIRM MOVING TO LANCASTER

SAMFORD, Conn. (AP) — Schick Inc., electric shaver manufacturer which employs between 900 and 1,000 workers here, will move to Lancaster, Pa., around next June.
The company announced the moving plan Monday. It said it would move into a new plant on a 56-acre tract in Lancaster adjacent to main highway and railroad facilities.
In letters to its employees, the company said the plant here has become crowded and expansion on the present site is economically unfeasible.
The International Assn. of Machinists (AFL), which has two lodges representing workers at the plant, quickly announced it was not satisfied with the company's reasons for wanting to move and said it will try to persuade the company to remain here.
At the same time, a spokesman for the Connecticut Development Commission, a state agency, said at Hartford Schick would be offered the full facilities and resources of the commission. The spokesman said the commission hoped it could year-old son, Philippe, led the procession of the designer's parents, close relatives and at least 500 others.
The services lasted more than two hours. Afterward hundreds waited to pass the bier.
Burial plans are indefinite. Priests said the coffin would remain in the church crypt until the family decides its last resting place.

Railroader Gets \$14,000 Damages

SCRANTON, Pa. (AP) — Cleveland A. Vanderpool, 61, Sayre, Pa., was awarded \$14,000 damages in his \$100,000 suit against the Lehigh Valley Railroad Co. in a sealed verdict opened Tuesday in Federal Court. The verdict was opened before Judge Albert L. Watson.
The jury received the case Monday at 4 p.m., reached its verdict at midnight, sealed it and brought it into court this morning. Vanderpool sought damages for injuries suffered Oct. 16, 1951, while working as an airbrake repairman at the company's Sayre yards.

help solve Schick's expansion problems and influence it not to move.
However, it was reported in Lancaster that a new, modern plant already was under construction.
The Schick statement, which came after a special meeting of the board of directors Monday, said the company "will try to help relocate employees remaining in Stamford."
Board Chairman Kenneth C. Gifford said "plans are under consideration for continued use of the Stamford factory, although we cannot make any definite announcement at this time."
Schick President Joseph Elliott said the union had been notified that "we will terminate our agreement on April 29, 1955, the expiration date of the agreement."
Although Schick leaves Stamford, there apparently will be a demand for labor skilled in the production of electric shavers.
The Ronson Co., makers of cigarette lighters, recently opened a small plant here to distribute electric shavers made in Europe, and has announced it intends soon to go into production of electric shavers.

REDS ISSUE NEW THREAT

LONDON (AP) — Moscow radio said Tuesday that if the Western Powers try to carry out the Paris agreement on West German rearmament, the Soviet Union and its allies "will examine further necessary measures to ensure their own defense and security."
The broadcast quoted the Communist party newspaper Pravda as saying: "The U.S.S.R. cannot reconcile itself to the rearming of Western Germany."
The English-language broadcast, beamed to North America, was devoted to a Pravda article signed "Observer." It said it was a mistake to suppose that the Soviet Union, which recently proposed a 26-nation meeting on European collective security, "can be put off" until the agreements on West Germany are ratified.
To Bypass Meeting
The Western Big Three already have decided not to take part in any such meeting while West Germany is still outside the Western defense camp. American, British and French officials met at the Foreign Office here yesterday to begin drafting their joint replies to the Soviet proposal.
The East German government news agency ADN announced last night that Communist Czechoslovakia has accepted the Kremlin suggestion for a conference Nov. 29. The Prague regime was the first of the 25 states invited to approve the idea. Presumably the other Soviet satellites will follow suit quickly.
Since World War II, an average of 190,000 immigrants a year have come to the United States.

CADILLAC for 1955

Presents the Most Beautiful and Finest Performing Motor Cars in Its History!

The spectacular new Eldorado, a dramatic interpretation of the new Cadillac styling, offers many unique features, including a new 270-h.p. Cadillac engine.

This is one of the most significant new-car announcements in Cadillac history.
For it introduces to the world's motorists the most magnificent creations in Cadillac's fifty-three years of motor car production.
Three new Cadillac series are offered for your consideration in 1955—the famous Series Sixty Special, the beautiful Series Sixty-Two, and the distinguished Series Seventy-Five... in addition to the spectacular new Eldorado.
They are, as you can readily see, magnificent

in beauty—with a new, jewel-like grille and front-end assembly... with dramatic and graceful new sculptured side styling... and with added dignity and bearing in every detail.
They are magnificent, too, in performance. There is a new Cadillac engine, the most powerful ever offered in a production motor car... an improved Hydra-Matic Drive... advanced Cadillac Power Steering... and, as an option at extra cost, refined Cadillac Power Braking.
And they are magnificent in luxury... to a

degree unusual even for Cadillac. Their interiors are almost unbelievably beautiful... and they are offered in a remarkably wide selection of gorgeous new fabrics and leathers.
Beyond any question, these new Cadillac creations represent a new Standard of the World—and we urge you to see and inspect them tomorrow in our showroom.
You will be most welcome—and we know you will find your visit one of the most interesting experiences of your motoring life!

Dillsburg SR. CITIZENS WIN AWARDS AT YORK EXHIBIT

The second annual Senior Citizens' Exhibit was held at the York-towne Hotel in York recently and Dillsburg provided the largest number of exhibitors outside York city and again leads York County. Due largely to the suggestions and activity of Dr. Martha L. Bailey, 11 citizens of this area were represented. Mrs. C. W. Farrier, Dillsburg R. 2, won a first place blue ribbon for her handwoven drapery material. Mrs. Farrier, 64, was one of 50 exhibitors to take part in the show of crafts and hobbies for persons in the 54-plus age bracket. Other local exhibitors included Mrs. J. W. Kapp, Mrs. C. H. Lehmer, Mrs. Elizabeth Heiges, Mrs. S. W. McCreary, Mrs. Florence Wiley, Mrs. Rhett Morthland, Mrs. Maurice S. Hoffman, Mrs. James Williams, Dr. Bailey and Mrs. Merle Pease of Siddonsburg. Most of these exhibitors received certificates of merit for their handiwork. The Senior Citizens exhibit was sponsored by Reciprocity Club in cooperation with York County-Council of Social Agencies and York County Council of Community Education.

News Of Taneytown And Vicinity

TANEYTOWN IS "OVER THE TOP" IN CHEST DRIVE

Mrs. Mary V. Clingan, chairman of the house-to-house drive for the Red Feather Campaign in the Taneytown area, has announced that the Taneytown district "has gone well over the top." \$1,040 was collected by the 35 solicitors. The goal in Taneytown was \$600.

"We are extremely proud of this record," Mrs. Clingan announced. "Credit goes to the solicitors who gave of their time and use of their cars, and to the contributors who gave so generously. We want to thank all who assisted in any way in this fine project." The solicitors were: Mrs. Ernest Dunbar, Mrs. George Naylor Jr., Mrs. Benjamin Cutsall, Mrs. John Harner, Mrs. John Chenoweth, Anna Sanders, Mrs. William Hopkins Jr., Mrs. George Crouse, Mrs. Arthur Garvin, Mrs. Rein Motter, Mrs. Harley Holter, Mrs. Tom Tracey, Mrs. Roy Heffley, Mrs. Chester Cartzen-dafner, Mrs. Kenneth Neubaum, Mrs. James Burke, Mrs. Fern Hitchcock, Mrs. Carroll Hess, Mrs. Ned Musser, Mrs. Glenn Reeve, Mrs. Robert McVaugh, Mrs. Duhan Riffe, Mrs. Lake Weant, Mrs. Henry Lippincott, Mrs. Robert Rinehart, Mrs. John Eckard, Mr. and Mrs. George Marshall Jr., Mrs. Luther Clabaugh, Mrs. Woodrow Harner, Mrs. James Ficus, Mrs. Ellsworth Lambert, Pearl Bollinger, Mrs. Wilmer Barnes, Mrs. Fred Teeter, Mrs. George Harmon, Mrs. Wilbur Reitsnyder, Mrs. Maurice Haines and Mrs. Clingan.

Mrs. Clingan also expressed gratitude to Marlin Rittase, at the First National Bank, who supplied the solicitors with material used in the drive and who also received donations from individuals who could not be reached at their home when the solicitors called.

TANEYTOWN AIDS MASON FAMILY

The residents of Taneytown and surrounding areas "opened their hearts" to Mrs. Margaret Mason and her three grandchildren this week. The Masons were left homeless early Saturday morning when fire leveled their two story log brick-cased home on the Ruggles Rd., near Taneytown.

As soon as the appeal reached town, people began bringing clothing and food to the Rob-Ellen Store and The Economy Store. Furniture was also offered to Mrs. Mason.

Mrs. Ellsworth Parks, Taneytown, R. 1, with whom the Masons lived after the fire, said the response was "just wonderful." She also expressed gratitude to the members of the Taneytown Fire Company and to the Red Cross. "The firemen not only worried about saving the other buildings but they were greatly concerned about clothing for the children and Mrs. Mason who escaped through a window in their night clothes when they discovered the fire."

Mrs. Parks said Mrs. Mason and grandchildren visited friends in Baltimore Monday and that their plans were indefinite.

7-A: Bonita Blair, Cynthia Lawyer, Agnes Nusbauer, Belva Ramsburg, Barbara Rinehart.

Frederick Shulley, Chambersburg, visited last week with Mr. and Mrs. William Nail, near Taneytown.

4-H Club Will Hold Xmas Party

"As Others See You" was the topic at the 4-H Club meeting Tuesday evening at the home of Sandra Remsburg.

The girls discussed the subject and conducted a Personality Checking Quiz.

It was announced by Belva Koons, leader of the club, that Mrs. Roy Warehime has been appointed assistant leader.

Fruit cakes will be sold during the holidays to "boost the club treasury." A Christmas party will be held December 21 but no definite plans have been made.

Carroll County Chest Drive Ends

Carroll County's first Community Chest drive ended Thursday evening with 83 per cent of the goal of \$37,600 attained.

Officials announced earlier this week that \$6,115 is needed to reach the goal. Many of the districts have not submitted their final reports.

Persons wishing to contribute may send their donations to the Carroll County Community Chest, Westminster, or contact any of the solicitors who worked during the campaign.

TANEYTOWN H.S. ALUMNI PLAN DANCE NOV. 24

Officers were nominated for 1955, plans made for the 1954-1955 basketball season and final arrangements completed for the annual Thanksgiving Dance at the November meeting of the Taneytown Alumni Association Monday evening.

The following officers were nominated: President, James R. Wadell; vice president, Merritt Copenhaver and David Reifsnider; secretary, Lois Wetzel; treasurer, Marlin Rittase and Janet Joy; historian, Dorothy Koons and Evelyn Baumgardner.

The association plans to purchase basketball uniforms in the near future. The following basketball personnel was appointed: Boys' business managers, Harry Dougherty Jr. and Delmont Koons Jr.; girls' business managers, Jo Ann Wolfe and Alice Frock; score keeper, Dorothy Koons; administration, Pearl Bollinger; time keeper, Donald Carr.

Final arrangements for the Thanksgiving Dance were made at the meeting. The dance will be held Thursday, November 25, from 9 to 12 o'clock in the high school auditorium. Music will be furnished by the Cleftsmen. Admission is \$1 per person. The proceeds will go towards the purchase of a public address system to be installed in Taneytown High School. The group also donated \$30 to the Taneytown Elementary School for the purchase of one large wall picture.

The next meeting will be held December 13. Refreshments were served by Mr. and Mrs. James Fair.

Nuclear Fuel Is Cheaper—Not Power

BLOOMSBURG, Pa. (AP)—An official of the Atomic Energy Commission says that although the cost of nuclear fuel is cheaper than coal, nuclear reactors as a source for commercial power aren't yet as economical as more standard devices.

W. Kenneth Davis, deputy director of the AEC's reactor development program, said also in a speech last night that even a nuclear reactor now being built privately at Shippingport, Pa., would not be as economical as present power producing methods.

Nixon And Party Visit Philadelphia

PHILADELPHIA (AP)—Vice president Richard M. Nixon and his wife came to Philadelphia yesterday for a bit of shopping and some meatballs with spaghetti.

Nixon turned up unexpectedly at a downtown hotel. With him were Mrs. Nixon and Maj. Gen. and Mrs. Wilton B. Persons. The general is deputy assistant to President Eisenhower.

Over his luncheon of meatballs and spaghetti, Nixon told newsmen Gen. Persons had decided to visit the clothing establishment of an old friend, Benjamin H. Freeman. The general invited Nixon, another old friend, to accompany him to Philadelphia to look for a suit. Mrs. Persons invited Mrs. Nixon, a close friend.

After their shopping tour and the spaghetti luncheon, the party went back to Washington by train.

License Suspension Upheld By Court

HARRISBURG (AP)—The Dauphin County Court has upheld the suspension of a driver's license by the state Revenue Department under the terms of the state Financial Responsibility Act.

The court yesterday rejected an appeal of Lester F. Roller, York, from a license suspension by the state revenue secretary.

Roller contended the suspension without a hearing for the responsibility of an automobile accident is in violation of the constitution. Judge William H. Neely ruled the Financial Responsibility Act does not purport to delegate any judicial power.

"He (the revenue secretary) is merely empowered to perform the administrative act of requiring the posting of what he considers to be adequate security for the payment of any damages when the question pertaining to the amount of damages and the persons entitled thereto have been judicially determined," Neely ruled.

EDITORS TOLD WIDER VARIETY OF NEWS NEEDED

TAMPA, Fla. (AP)—The Associated Press Managing Editors Assn. was told today the American press ought to give newspaper readers a wider variety of news coverage.

What the typical American is looking for in his newspaper is something other than police court news, said Frank Eyerly, managing editor of the Des Moines Register and Tribune.

Eyerly, as general chairman of the APME Continuing Study Committee for 1954, outlined to editors of AP member newspapers at the opening of their annual meeting ways in which his committee feels the news report can be improved.

Too Much Police News
It isn't that the committee feels that too much wordage is being given to Marilyn Monroe's domestic problems, or to stories dealing with New York school problems, or the like, he said.

"What this criticism really grows out of is a feeling that the newspapers and the press associations have too much preoccupation with the news that can be lifted from a police blotter, and not an adequate concept of American life," he said in a prepared talk.

"The typical American family, we believe, has a home and sometimes a yard and frequently a family. He and his family have interests that range from sket shooting to croquet, from bird watching and outdoor cooking to fine arts and gardening."

Praise For Committee
Praise for the work performed by the Continuing Study Committee and by the association during the past year came from Wallace Lomoe, managing editor of the Milwaukee Journal, association president.

Lomoe said studies had been completed with a distinct professional polish. He was impressed by the amount of time and effort editors had spent in trying to develop a better news product. Interpretation and attribution in news stories from Washington and from the general AP news report were discussed by Michael J. Og-

den, managing editor of the Providence Bulletin and Journal, and by John Cauley of the Kansas City Star.

Washington Problem
Cauley said there were three schools of thought on the subject of allowing Associated Press newsmen to use information which doesn't name the source and in interpreting news events.

These are:
1. That good interpretive writing is nothing more than good reporting; that the newspaper owes it to its readers to give them explanatory facts.

2. That The AP must be the reporter of the news and not the source of the news, and that any letting down of the bars on attribution and interpretation would be dangerous.

3. That a middle of the road approach should be followed, with each story coming from a source who declined to be named being weighed on its news merits, carefully checked and handled.

Ogden said the greatest problems in this respect arose in the highly competitive Washington field.

PROPERTY TRANSFERS
The following property transfers have been filed with the office of the register and recorder:

Gale F. Little and wife, York Co., sold to William H. Mummert and wife, Hanover, for \$2,500, a property of approximately 18 acres in Oxford Twp.

Harold M. Travis and wife, Menallen Twp., sold to Max R. Shreve and wife, Dover, Pa., for \$8,500, a property of approximately 125½ acres in Menallen Twp.

Electricity Saves Reading Bell Tower

READING, Pa. (AP)—The bells of St. John's Lutheran Church, silenced because their swaying weight had cracked the church's steeple, will ring again on Advent Sunday thanks to the magic of electricity.

The three bells, weighing a total of 11,851 pounds, originally were hung in the German building at the St. Louis Exposition of 1904 and there were rung by the late President Theodore Roosevelt.

Later, they were bought for and moved to St. John's Church here. Recently, the church tower had begun to rock whenever the bells were rung by the nine bellringers—three to a bell.

Now the clappers will be operated electrically.

GOP WOMEN TO SEEK MINIMUM WAGE IN STATE

HARRISBURG (P)—The resolutions committee of the Pennsylvania Council of Republican Women has asked that a minimum wage be established in the commonwealth.

The recommendation, part of a six-point labor program drafted by the committee, is up for action by 1,600 delegates to the 32nd annual convention of the women.

Other parts of the labor program asked that the Department of Labor and Industry should be given the right to enforce a wage collection law.

The defeated Republican statewide candidates were congratulated in another section of the resolution committee report, apparently painted prior to the Nov. 2 general election.

To Lt. Gov. Lloyd H. Wood, defeated GOP gubernatorial candidate, the resolution committee said:

"Our heartfelt congratulations and best wishes for continued success."

Five Talks Tonight

The second and final day of the convention—usually on occasion for jubilation after Republican victories in the past—closed Tuesday with a speech by Gov. John S. Fine.

Addressing the group, Monday night, U. S. Sen. Andrew J. Schoepel (R-Kan.) said more people must take a greater interest in public affairs if America is to maintain its constitutional government.

He said "people did not go to the polls" in the election two weeks ago.

The senator declared that a heavier vote "would have given the Eisenhower administration more Republican members in Congress."

He described the Eisenhower administration as one that brought "morality to government in Washington."

"Stabilize Dollar"

"In addition," he said, "it (the administration) has stabilized the dollar and the inflationary trend has been stopped, much to the benefit of the many people who live on fixed incomes."

"Big government has been decreased and local government is more disposed to carry a larger share of responsibility," he said, adding:

"When history is written it will show that the Eisenhower administration made the transition from war to peace economy without too much disruption."

In a televised appearance before his talk to the Republican women, Schoepel said additional information on the case of Maj. Irving Peress leads him to believe that Sen. Joseph McCarthy (R-Wis.) should not be censured for alleged abusing treatment of Brig. Gen. Ralph W. Zwicker.

Opposes Censure

Schoepel referred to information that Sen. Case (R-SD), a member of the six-man committee that recommended censure of McCarthy, said convinced him McCarthy should not be censured.

Case said new evidence supplied by Army Secretary Stevens shows that high Army officials "let Peress slip out of their grasp" after a court martial demand from McCarthy was delivered to the "responsible Army staff."

"If high Army officials had all this information on Peress and allowed him to get an honorable discharge, I'm very fearful of the precedent that would be established if the Senate were to censure Sen. McCarthy at this point," Schoepel said.

'CORN TREES' — Farmers near city of Gubbio, Italy tie ears of corn to trees for a clean, fast drying job in the fall sunlight before the long winter months begin.

Injured Mother Has 6-Pound Girl

FREDERICK, Md. (P)—The physician attending Mrs. Barbara Scheffler, 22, who gave birth to a 5-pound, 8-ounce girl Monday while still in a coma, says he hopes to see some improvement now in the mother's condition.

Doctors and nurses stood a close watch at the Odenton, Md., woman's bedside after she was brought to Frederick Memorial Hospital last Thursday. She suffered a fractured skull in an automobile accident and was in critical condition.

Dr. Melvin Lea said Monday after the natural childbirth that now he can look for improvement. The baby, meanwhile, was doing fine.

WANTS TO KEEP MEDICINE FREE

WASHINGTON (P)—President Eisenhower declared Tuesday the medical profession is one "we don't want to get under the dead hand of (government) bureaucracy."

The President made the comment in receiving the first annual Frank H. Lahey Memorial Award for leadership in medical education.

The award is given jointly by the National Fund for Medical Education, the American Medical Association and the Assn. of American Medical Colleges. It honors the late Dr. Lahey, who founded the National Fund for Medical Education. The fund, privately run, has distributed in five years nearly seven million dollars in grants to medical colleges.

The award was presented to the President by S. Sloan Colt of New York, fund president, who praised Eisenhower for his imagination, enthusiasm and concern for medical education in the United States.

Eisenhower, when he was president of Columbia University, was one of the leaders in establishing the national fund.

NEW YORK (P)—Mrs. Dwight D. Eisenhower has gone back to Washington wearing a new hat, one of about a dozen bought on a shopping trip to New York.

The "First Lady" also picked up several dresses, mostly for spring, and had fittings for two winter ball gowns while in town yesterday.

All of her shopping was done in the comfort of the Presidential Suite of the Waldorf-Astoria Hotel. There Secret Servicemen admitted a milliner and two couturiers from the world of elegant fashion.

Mrs. Eisenhower, who wore a black hat when she arrived, exchanged it for one of the new ones—a gray felt cloche chosen to go with her gray traveling suit and black fur stole.

The President's wife made the short shopping trip after learning she could hitch a ride to town on a break-in flight for her husband's new Super Constellation.

UNITED NATIONS, N. Y. (P) — Dr. Ralph Bunche, American Nobel Peace Prize winner, is to be elevated to the rank of under-secretary in a reorganization of the U. N. Secretariat voted Monday by the General Assembly's Budget Committee.

A similar undersecretaryship will go to Russian I. S. Tschernychev, who like Bunche is now an assistant secretary general.

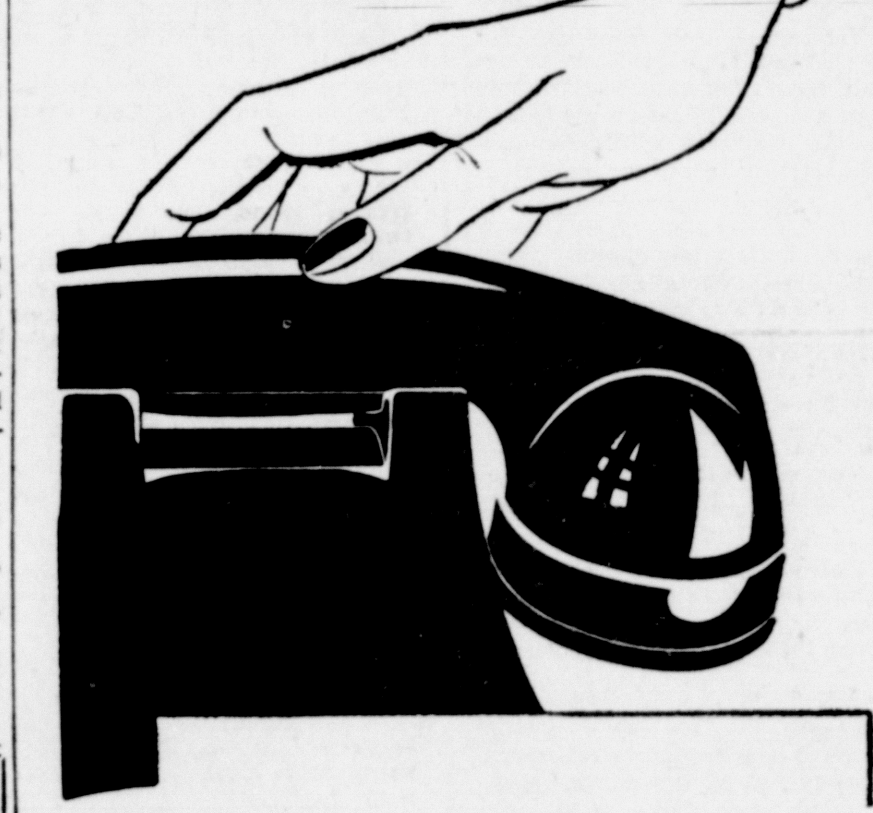

Natural Action

To make or receive a telephone call is the most natural thing in the world. And that's the way it should be.

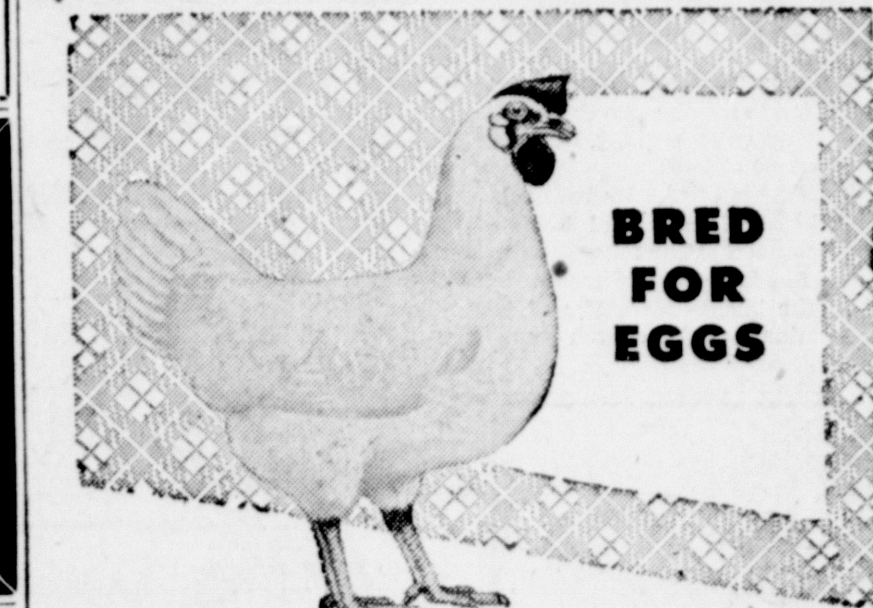

Nowadays we take the telephone for granted. Calling someone, in our town or in a distant city, has become second nature to everybody.

Although just a few short years ago the telephone was a comparative luxury, it would be hard to imagine getting along without it in today's world.

The reason for this progress is a simple one. Ever since your telephone company installed its first telephone it has brought you an ever increasing value, an ever increasing standard of service. Things such as these make the telephone the biggest bargain in your family budget.

Swift's Sky-Hi Layers

The pick of the nation's bloodlines—that's Swift's Sky-Hi Layer Chicks. They grow quickly into medium-weight white birds with "quality flocks" in No. 310 and 312, white feathering in the new No. 314. Under good farm management, Swift's breeding in Sky-Hi Layers assures you:

- More eggs—low feed cost per dozen.
- Extra vigor—from scientifically selected cross-mating.
- Exceptional livability—as chicks and as laying hens.
- Quiet, easy-to-manage flocks.

Bar Press From Private Ranch

GAYLORD, Mich. (P)—Newsman were barred Tuesday from a privately owned ranch where radio-television personality Arthur Godfrey, Defense Secretary Wilson and General Motors President Harlow Curtice hunted deer.

Reporters, who approached the gateway to the 5,000 acre ranch of GM Vice President Harold Boyer, were told by a caretaker that he had orders not to let newspapermen or anyone else in.

The caretaker, Robert Bryan, said, "they objected to stories carried last year that Godfrey hunted deer from a jeep."

Godfrey, still suffering from effects of a hip operation, used a jeep last year to get from the hunting lodge to his deer blind.

Tuesday's hunting party included Gen. Curtis E. Le May, commanding general of the Air Force Strategic Air Command at Omaha.

Michigan's deer season opened Monday.

DEAR PHOEBE" SHOULD EARN SOME AWARDS

By WAYNE OLIVER
NEW YORK (AP)—More than 50 different sets of awards are made annually to various television and radio shows and the new Peter Wolfe filmed comedy "Dear Phoebe" on NBC-TV should win a tuff.

Flying in the face of all the fee rules, producer Alex Gottlieb tossed out the canned laughter to sponsors and ad agencies; in fact, just about everybody res it but the public.

Recorded laughter, a trademark of the filmed situation comedy on TV, is supposed to tell the viewers to laugh. Gottlieb is making daring assumption—that they'll know when something is funny without the canned laugh to tell them.

3 Types Of Laugh Tracks
Canned laughter is sometimes downright confusing. The laughs, jotted at some event that really is funny, all too often are dubbed after straight lines or else obscure a portion of dialogue that is my.

There are three types of laugh tracks on filmed comedy shows: Those recorded from a live studio audience present during the taping, as in I Love Lucy.

Laughter recorded from a live audience in a theater at a subsequent screening of the film, as in farmed Joan.

Laughter recorded from some related event and dubbed into the film sound track after lines of the producer or gag writer are you should laugh at.

Radio Sales Off
The No. 3 that has drawn the least objections from viewers is off-the-record agreement from

many performers whose shows are so afflicted.
But the No. 2 category, laughter recorded at a subsequent screening, also can be disconcerting when the sound engineer makes the volume of laughs louder than the humor on the show would seem to warrant.

Despite all the hoopla over color TV, retail sales of black and white sets in the first nine months of this year reached a record 4,645,000, up 8 per cent from last year. Radio set sales came to 4,032,000, a decline of a little more than 10 per cent from last year.

GIRL, 15, ADMITS KILLING SISTER

ROCKVILLE, Md. (AP)—A married 15-year-old girl, who police said admitted the fatal strangling of her 6-year-old stepister because "I hated her," was held today for mental tests.

Police said Mrs. Marion Mosley would be examined today to determine whether charges will be placed against her in the death yesterday of Katherine Nadine Bannister.

The dead girl was found in her home tied to a door knob by a dish towel looped around her neck.

Police said Mrs. Mosley called them to the home and related she had strangled her stepister with a towel. They said she later told them the strangling took place after she had an argument with the girl's mother Mrs. William Bannister.

Mrs. Bannister told police she didn't know of her daughter's death until officers entered the home and found the body.

Mrs. Mosley was held at the Montrose School for Girls, a detention home at Reisterstown.
